

Back to School Blitz Challenge

September 22, 2025 - November 2, 2025

Students in grades K-8, and high school students taking Algebra I and Geometry are challenged to participate.

Students will be recognized for reaching the most skills to proficiency with a *SmartScore* of 80 or higher.

Prizes will be awarded as follows:

- Top schools (elementary, middle, K-8, high school)
- Top students (one per grade level K-10)

Progress Monitoring Leaderboards

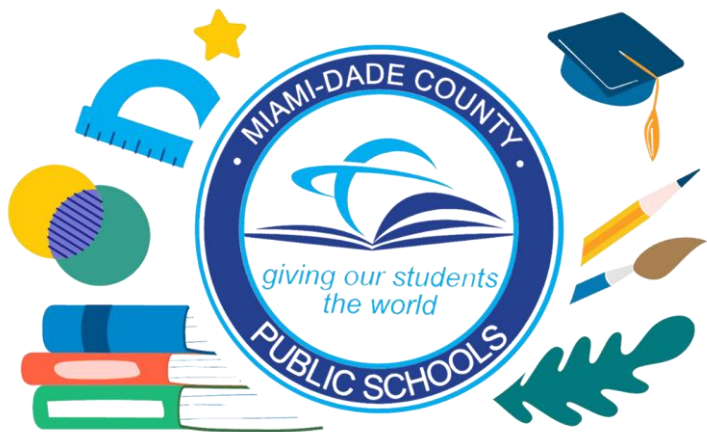

[Teachers](#) and [school administrators](#) can set up *IXL Leaderboards* to monitor the number of skills students are reaching proficiency in.

Strategies to Increase Usage

Students should work on at least 2 skills per week from the appropriate [IXL Spotlight Skill Plan](#), other on grade-level (or higher) *Skill Plan(s)*, or their personalized *IXL Diagnostic Action Plan*.

“Fill-it-Up” Friday: On Fridays, students should revisit skills they started working on but have not yet reached proficiency in.

- Students can access the IXL skills from the [Student Score Chart](#) or [Student Progress report](#) under “IXL Analytics.”
- Teachers can use the [Student Quickview](#) or [Skills Practiced](#) to identify the skills students have mastered and/or skills that require intervention.

Prizes awarded include:

Top student in each grade level, K-10

- \$50 Amazon gift card

Top school (one in elementary, middle, K-8, and high school)
